

NEW 54'

OFFSHORE YACHTS

2023 Offshore Pilothouse

Overview

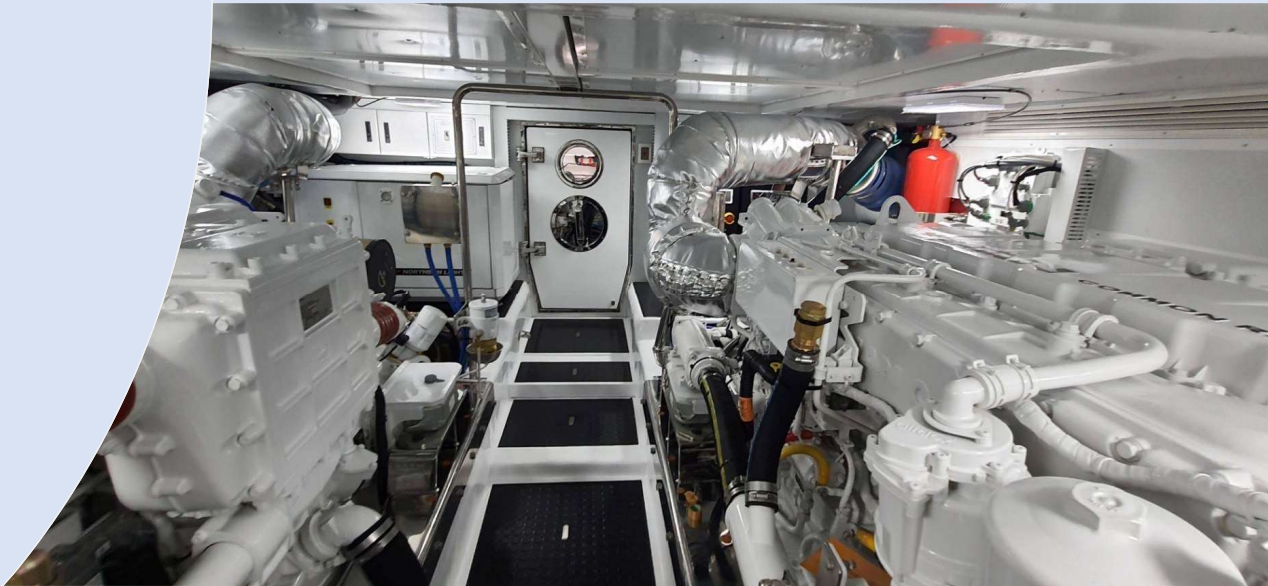

The new Offshore 54 is the latest evolution of the popular Offshore series. She is built with the finest materials and craftsmanship, and features many new innovations. Her MAN i850 engines provide a cruising speed of 17 to 20 knots, and she has a hard top for protection from the sun and weather.

There is a view window in the master cabin, and the longest waterline in the Offshore series for improved performance. The weight has been reduced for improved fuel economy, and the Smart Energy Control system with a Mastervolt 24V Lithium Battery System allows extended periods without running the generator or charging batteries. The JMS joystick controls make her easy to maneuver.

The new Offshore 54 is the perfect yacht for cruising the open seas in style and comfort.

Major Equipment

- MAN i850's. Efficiency and speed. She is the fastest 54 ever.
- SeaTorque enclosed shaft system. For quieter and smoother running, 5% to 8% fuel savings, and no cutless bearing maintenance.
- Optimus electric steering
- Termodinamica A/C and Heat – minimal amp draw system is incredibly quiet and efficient.
- ZF JMS (joystick maneuvering system)
- Mastervolt Energy Control System. Less generator time, less fuel, and likely no replacement of batteries with up to 3500 full cycles before replacement.

Cockpit

- Double centerline transom doors – to open your view to the water while inside the salon or enjoying the cockpit
- Recessed door lock handle for transom doors
- Heavy duty, recessed hawse holes with cleats
- Stainless steel handrail on underside of lazarette hatch for safe entry into the lazarette
- Electric lazarette hatch lift

Flybridge

- Fiberglass hard top with overhead lighting
- New design wider and lower profile molded fiberglass instrument console
- Integrated Blaze BBQ on starboard side

Bow

New integrated custom upholstered bow seat and backrest

Engine Room

- New ultra-bright 24 LED overhead lighting
- Open aft portside tool storage space
- New fire retardant breaker systems boxes at aft overhead
- New Stainless steel framed engine room door with heavy torque dog downs

Salon

- Longer return on port side settee
- TV lift for 43" LED in port aft corner provides best viewing angle for all guests in salon
- Substantial increase in space on starboard side allowing for (2) comfortable occasional chairs (included) because of the new TV lift location.
- First custom upholstered settee with homestyle sofa/furniture comfort and look.
- New starboard aft side end table with fixed lamp included.
- New easy function duettes for privacy
- New port and starboard full view elongated windows for maximum light and views
- Updated and modernized joinery work on all cabinet tops.
- New mirror polished stainless steel framed doors, full height, providing maximum light and views aft. Particularly nice when double transom doors are open.
- New SS and teak overhead handrail
- More efficient and quieter decorative grills for air conditioning and heat distribution.
- Hidden aft sliding screen doors.

Pilothouse

- New stainless steel and teak open concept floating stairs to flybridge
- New (3) large view windows for even better visibility
- Fully custom upholstered settee.
- New overhead storage cabinets and access above settee
- New custom Ultraleather upholstered counter and baseball stitched equipment console
- Matching Ultraleather wrapped window mullions
- New design full port to starboard overhead instrument panel

Galley

- Full slab Quartz countertops with honeycomb for weight saving
- Custom utensil drawer with Henckel cutlery.
- Full size convection microwave with exhaust for cooktop
- New 36" U-Line refrigerator allows for new bank of drawers/storage at port forward galley
- First new outboard spice rack under port window
- Stylish SS apron front sink
- Most open concept and light filled galley due to removal of inboard fore and aft panel being replaced with architectural support column.
- Roll out coffee station integrated in backsplash

Master Stateroom

- Large hullside view window
- Custom painted and paneled shiplap wall and decorative columns behind berth with integrated sconces
- Quartz countertops on nightstands.
- (2) nightstands are full width with storage drawers in each
- 43" LED TV on centerline compared to 19" prior
- More efficient and quieter decorative grills for air conditioning and heat distribution.
- Cupola style escape hatch for additional light into cabin
- Result of improvements is the lightest & brightest master cabin ever

Master Head:

- New quartz countertop with honeycomb for weight saving
- Updated and stylish Grohe fixtures in sink and shower
- Custom painted shiplap for light and bright nautical feel
- Custom Dolomite flooring on head and shower sole
- Waterfall edge drain in shower

VIP Stateroom

STATEROOM:

- Custom painted shiplap forward wall
- Electric lift for berth for easy storage access
- Lighter and brighter

HEAD:

- Custom painted white shiplap
- Waterfall edge design drain in shower
- Updated Grohe fixtures
- Custom Dolomite sole
- Laundry hamper
